THE VOLUNTEER CENTER OF JOHNSON COUNTY

FOR INDIVIDUALS OR GROUPS

Connecting You to Service

We can assist you in finding the right volunteer opportunity! Whether you want to volunteer with your family, fulfill court-mandated community service hours, or share your skills with nonprofits in need of your expertise, we're here to help. Stop by, call or email us.

The Volunteer Center also

- helps groups identify service opportunities, including date-specific events and flexible projects that can be scheduled in coordination with an agency
- works with parents, teachers, nonprofits and students to connect youth to meaningful community service experiences
- offers occasional service activities for youth
- coordinates volunteers for community events like RAGBRAI and FRY Fest

FOR EMPLOYERS

Employee Volunteer Program Consultations

Employee volunteer programs vary across businesses, from a few hours at a one-day group event to long-term individual commitments. The Volunteer Center can help tailor a program that meets your company's business goals, your employees' interests and our community's needs.

Workplace Volunteer Council

The WVC is a coalition of businesses that promote volunteerism among their employees to benefit our community. The WVC provides networking opportunities, sharing of best practices, professional development, and joint strategic initiatives designed to meet community needs.

Days of Caring

Teams of volunteers are matched to service projects with local nonprofits. Projects can include working with clients, landscaping, painting, or community beautification.

FOR NONPROFITS

Volunteer Recruitment

Nonprofits are invited to post volunteer opportunities online, to share flexible project needs with us, and to take part in Days of Caring.

Volunteer Administrators' Network (VAN)

VAN is composed of professionals responsible for managing volunteers. VAN's mission is to promote volunteerism by networking with others in the field and providing professional development opportunities.

Volunteer Management Trainings

The Certificate in Volunteer Management is available through Kirkwood Community College and the Volunteer Center. Six classes are held throughout the year on topics such as developing your volunteer program, recruiting, screening and placing volunteers, and volunteer recognition. Other trainings are available upon request.

EMERGENCY VOLUNTEER CENTER

The EVC is activated in times of disaster, but our preparation for disaster is year-round. EVC Volunteers:

- Coordinate the large influx of volunteers who respond to a disaster
- Register and interview volunteers to assess skills and abilities
- Match volunteers to meet needs in the community
- Conduct safety briefings
- Track volunteer hours and impact
- Serve a one-year "on call" commitment with the option to extend

We need your help to get the right volunteers to the right place at the right time during a disaster!

Please note: being an EVC Volunteer does not involve strenuous physical activity.
