55+ RSVP Volunteer Medical Transportation Program

Community Members 55 and better are encouraged to get involved using their lifetime of experience to reach out and help others. Individual abilities and interests are matched with community volunteer needs.

The 55+ RSVP Medical Transportation Program provides rides for seniors and disabled adults who have no other means of transportation to medical appointments. Without this transportation, many would not access vitally needed medical services, especially in the rural areas of our communities. There is an immediate need for more 55+ RSVP Volunteer Medical Transportation drivers for June and July.
