UNITED IS THE WAY

MEETING THE NEEDS OF OUR COMMUNITY TOGETHER

Dear Friends,

In 2024, United Way of Johnson and Washington Counties launched a Community Needs Assessment to better understand and address the challenges our region faces. With support from Common Good Iowa, we brought together local partners to identify key issues, gaps in services, and opportunities for collaboration.

Focusing on Youth Opportunity, Financial Security, Community Health, and Community Resilience, our workgroups provided invaluable insights that will guide our efforts to strengthen services and empower communities.

We are grateful to all who contributed their time and expertise. Your dedication helps us build a future where everyone can thrive.

With gratitude,

President & CEO

United Way of Johnson and Washington Counties

UNITED WAY'S APPROACH TO THE COMMUNITY NEEDS ASSESSMENT

United Way is dedicated to fostering a thriving community by addressing critical needs in health, youth opportunity, community resilience, and financial stability. To effectively support Johnson and Washington Counties, we are conducting a comprehensive Community Needs Assessment (CNA) to analyze current data, evaluate the impact of existing programs, and identify areas requiring additional support.

Our CNA process is rooted in community collaboration, data-driven decision-making, and strategic planning. Through partnerships with local organizations, public agencies, and residents, we gathered qualitative and quantitative insights to inform this roadmap .

GOALS OF THE COMMUNITY NEEDS ASSESSMENT:

- **Evaluate Progress Over Time** – Assess changes in our community over the past decade.
- **Identify Critical Needs** – Examine social, economic, environmental, and health-related challenges affecting residents.
- **Prioritize Key Issues** – Guide resource allocation based on data-driven insights.
- **Address Service Gaps** – Identify unmet needs and opportunities for enhanced programming.
- **Strengthen Community Collaboration** – Foster cross-sector partnerships to drive collective impact.
- **Empower Residents and Organizations** – Equip stakeholders with knowledge and resources to advocate for sustainable change.

Through this process, United Way has developed a shared community roadmap that unites local stakeholders in driving meaningful, long-term change.

STEERING COMMITTEE

The Steering Committee oversaw the Community Needs Assessment (CNA) by setting objectives and goals, developing strategies to ensure equity, and guiding the workgroups. The steering committee includes:

- Lynette Jacoby, Johnson County Social Services
- Cady Gerlach, Better Together 2030 & Greater IC
- Paul Johanson, Iowa Health Care
- Jennifer Banta, United Way of Johnson and Washington Counties
- Emily Meister, United Way of Johnson and Washington Counties
- Jenifer Roberts, Washington County Public Health

COMMUNITY NEEDS ASSESSMENT TIMELINE SUMMARY

June – July

- In partnership with Johnson County Public Health, gather and categorize data.
- With assistance from Common Good Iowa and the Steering Committee, set goals and strategies for the CNA.

August – September

- Identify data gaps and plan additional collection strategies.
- Finalize Impact Area workgroups and facilitate workgroup discussions.

October – November

- Analyze outcomes of workgroup meetings with the Steering Committee.
- Host feedback sessions with partner agencies and United Way board of directors.

January – February

- Draft the CNA report and begin socializing it.
- Continue to gather feedback from the Steering Committee, workgroups, and the community.

OUR AREAS OF IMPACT

At United Way of Johnson and Washington Counties, we dedicate our **efforts and investments** to four interconnected areas that help families in our community achieve self-sufficiency. These areas **work together** to drive progress toward our goals.

By addressing each of these key aspects, we ensure that our community thrives:

Healthy Community

Helping families stay healthy. Getting seniors to appointments. Improving health and wellbeing for all.

Youth Opportunity

Connecting kids with the support they need to thrive from preschool through college and into their careers.

Financial Security

Everyone deserves the opportunity to earn a living to sustain a family and build security. We help achieve those goals.

Community Resiliency

When disasters occur, we're there with immediate relief and rebuilding support.

COMMUNITY INSIGHTS

We bring people and resources together to tackle our communities' toughest challenges.

IMPACT AREA Healthy Community

IMPACT GOAL:

Everyone receives the health care they need to live happy and healthy lives

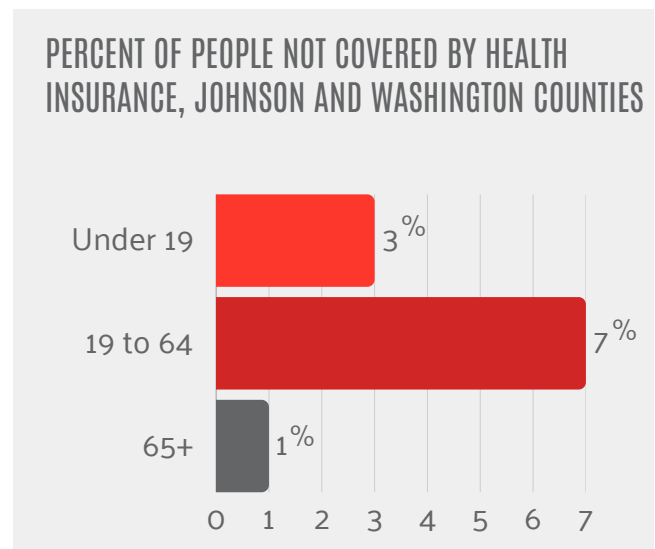

KEY MEASURES OF HEALTH IN OUR COMMUNITY:

The highest share of uninsured people is among working-age adults:

Source: U.S. Census Bureau, American Community Survey, 1-Year Estimate, 2023, Table B27010

Public insurance programs are an important source of health coverage, especially for children:

Too many youth are struggling with their mental health

IMPACT GOAL:

Everyone receives the health care they need to live healthy and fulfilling lives

PERCENT OF STUDENTS IN A SELECTION OF JOHNSON COUNTY-AREA SCHOOLS ANSWERING “YES” TO QUESTIONS ABOUT THEIR MENTAL HEALTH:

Source: Iowa Department of Public Health, Iowa Youth Survey: Johnson County Results, 2021

Note: Here are the exact questions asked in the survey:

- In the past 12 months, did you ever feel so sad or hopeless almost every day for 2 weeks or more in a row that you stopped doing some usual activities?
- In the past 12 months, have you thought about killing yourself?
- In the past 12 months, have you made a plan about how you would kill yourself?
- In the past 12 months, have you tried to kill yourself?

IMPACT GOAL:

Everyone receives the health care they need to live healthy and fulfilling lives

MENTAL AND PHYSICAL HEALTH CONCERNS COMMON AMONG ADULTS:

23%

of Johnson County residents don't have a primary care provider

Top reason cited: High cost of health care

17%

of Johnson County residents haven't seen a dentist in more than two years

Top reasons cited: Do not have dental insurance, concerned will be too expensive

IMPACT GOAL:

Everyone receives the health care they need to live happy and healthy lives

HOW WE WILL MOVE CLOSER TO OUR GOAL:

- Increase the share of people who are covered by **affordable insurance** and **increase access to free or reduced-cost** clinics for those without coverage.
- Ensure more people get **key health services**, including behavioral health, dental, and primary care.
- Integrate social determinates of health into health care services so providers can assess and refer patients **who have additional barriers to wellbeing**.

IMPACT GOAL:

Everyone in our community has enough food to eat

KEY MEASURES OF FOOD SECURITY IN OUR COMMUNITY:

More than one in 10 people in our community don't have enough food for an active, healthy life because of limited financial resources.

In Johnson County

11.5%

are food insecure

Among food insecure people:

What is SNAP?

Supplemental Nutrition Assistance Program (SNAP): Food stamps, now called the Supplemental Nutrition Assistance Program (SNAP), began in the United States in the late 1930's to **help people buy and eat nutritious food**, be stronger, and make up a more productive society. In 1971, the Food Stamp Program became a nationwide entitlement program. That means that as long as you meet the rules for SNAP, you have a legal right to get them.

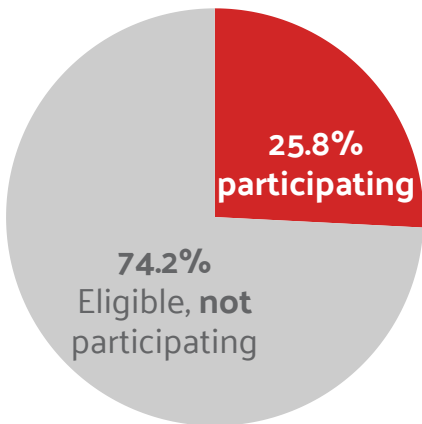

Only a fraction of people who are eligible for SNAP participate in the program.

IMPACT GOAL:

Everyone in our community has enough food to eat

POPULATION ELIGIBLE FOR SNAP

Food pantries are serving record numbers, making it challenging to maintain a steady, reliable supply of nutritionally and culturally appropriate foods

**Supplemental
Nutrition
Assistance
Program**

Many who qualify for SNAP don't enroll due to barriers like low benefit amounts, stigma, confusion, or lack of information—missing out on support to buy healthy, personally chosen foods

IMPACT GOAL:

Everyone in our community has enough food to eat

In Johnson County

9,577

people in 4,481 households received SNAP in FY 2024

\$169.82

average per-person monthly SNAP benefits received

In Washington County

1,359

people in 682 households received SNAP in FY 24

\$159.95

20% OF PANTRY USERS FACE BARRIERS TO ACCESS: OF THOSE, THESE ARE THE DIFFICULTIES IDENTIFIED

IMPACT GOAL:

Everyone in our community has enough food to eat

HOW WE WILL GET CLOSER TO OUR GOAL:

- **Improve food pantry offerings** by increasing the variety and availability of nutritious and culturally appropriate foods.
- **Integrate community wide data** across local pantries to identify gaps and areas for improvement.
- **Increase participation in SNAP** by reducing barriers to enrollment and expanding outreach to seniors and other populations with low participation rates.

IMPACT GOAL:

Everyone has access to safe, secure housing with the supports they need to maintain long-term stability

KEY MEASURES OF FOOD SECURITY IN OUR COMMUNITY:

- Shelters, jails & ERs are not substitutes for **adequate housing supports & mental health care**
- People with **serious mental illness** are more likely to experience homelessness
- **Stable housing** is one of the most powerful predictors of health according to the CDC

HOW WE WILL GET CLOSER TO OUR GOAL:

- Understand the impact of **serious mental illness** & trauma on long-term housing stability & identify **needed supports**
- Coordinated, community-based services to **prevent homelessness** & provide ongoing support for those moving from homelessness to **stable housing**
- Expand **permanent supportive housing** to reduce cycling through emergency systems like hospitals, jails & shelters

UNITED WAY'S ROLE IN Healthy Community

FUND & COLLABORATE

United Way is committed to **Community Health** by investing in strategies and programs that reduce health disparities and improve well-being for all. Using **community-based approaches**, we address barriers to health equity and work to **better align health care options and resources** to improve health outcomes for our community. Through collaboration and targeted investments, we strive to create a healthier future for everyone.

ADVOCATE & EDUCATE

We advocate for policies and practices to improve health and well-being and provide **equitable access to care** for every member of our community. We advocate for **food-security initiatives** by increasing SNAP participation, improving food availability at pantries, and integrating data for stronger support systems. We educate and promote policy change to **address our community's gaps in essential oral health services**.

Note: The poverty level in 2022 was \$13,590 for a single person and \$27,750 for a family of four. Poverty rates among people 18 to 24 in the region are significantly higher than in the state as whole, especially among white young people, because a higher-than-average share of them are students.

IMPACT GOAL:

People have the resources they need to support themselves and their families.

HOW WE WILL MOVE CLOSER TO OUR GOAL:

- Increase the number of people who earn enough to support their basic needs.
- Improve access to public benefits and community basic needs supports like food to help individuals and families bridge gaps during times of financial hardship, illness, or job loss.
- Strengthen workforce readiness by increasing participation in career training programs and creating stronger pathways from high school to in-demand local jobs.

IMPACT GOAL:

Families have access to quality childcare they can afford

HOW WE WILL MOVE CLOSER TO OUR GOAL:

- Reduce the financial burden of child care by **increasing the number of centers accepting Child Care Assistance (CCA) and expanding the availability of CCA-funded slots.**
- **Increase wages for childcare workers through non-tuition funding sources,** helping centers attract staff, expand available slots, and improve provider options for families.

UNITED WAY'S ROLE IN Financial Security

FUND & COLLABORATE

We're investing in strategies and local programs that help families achieve economic stability. Through partnerships, we connect individuals with resources to access affordable child care, housing and other basic needs and connect to job training programs. In addition, we support the **Child Care Coalition** and invest in proven approaches to reduce family homelessness, including improving access to food, providing case management, and expanding housing options.

ADVOCATE & EDUCATE

At United Way, we believe financial stability is the foundation for a thriving community. Yet, 40% of Johnson and Washington County individuals and families – facing barriers to stable employment, affordable housing, and essential resources – struggle to make ends meet.

We advocate for access to affordable housing and child care to help individuals build long-term financial security. We advocate for an increase to the Child Care Assistance reimbursement rates, to increase access to quality child care and promote stabilization in the child care workforce.

- Increase access to job and life mentoring to help students **develop skills for future careers.**
- Increase access to career advising so **students better understand** their education and job **options.**

UNITED WAY'S ROLE IN Youth Opportunity

FUND & COLLABORATE

We're investing in **cradle-to-career education** by supporting quality **child care** and **early childhood education**, including programs like **Reading Buddies** and **Math Kits** to foster early learning and build strong connections with families. We know that parents are children's first teachers. We also lead initiatives that prepare youth for success in the classroom and beyond, through **tutoring, mentoring** and **social-emotional learning** such as empathy and confidence.

ADVOCATE & EDUCATE

United Way advocates for youth opportunities by **raising awareness** of early learning gaps, expanding preschool access, and supporting parent-led education at home. It strengthens family support through services that address **basic needs and mental health** while promoting student engagement and belonging. To enhance academic and career readiness, United Way advocates for **career academies, apprenticeships, and mentoring programs** while addressing proficiency gaps in reading and math. By sharing critical data, increasing resources, and advocating for policy changes, United Way ensures **all children** have access to quality education and support systems that prepare them for future success.

IMPACT GOAL:

Residents feel connected to their neighborhood and the broader community.

HOW WE WILL MOVE CLOSER TO OUR GOAL:

- **Increase number of neighborhood hubs** and increase the share of people who engage with their neighborhood groups to foster **stronger community connections**.
- **Increase community awareness of resources**, making certain those resources are culturally and linguistically accessible and recognizable within the different communities being served.

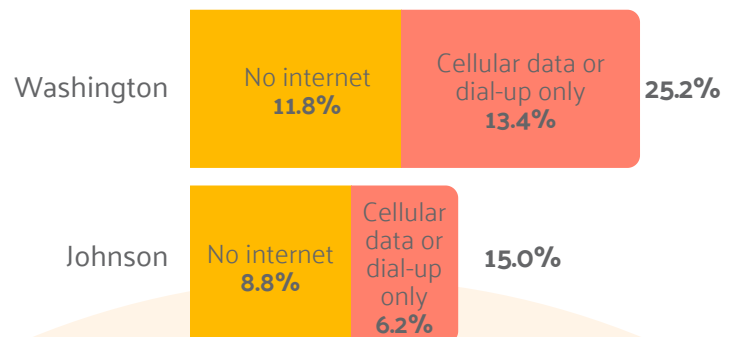

IMPACT GOAL:

Residents are prepared for and able to recover from disasters and other adversity.

UNITED WAY'S ROLE IN Community Resilience

FUND & COLLABORATE

Strong, resourced communities are better able to build back from adversity. United Way strengthens Community Resilience by **bringing people and organizations together** to address challenges and create lasting solutions. Through our extensive network of **nonprofits, businesses and community leaders**, we help our community **understand problems, co-create solutions and ensure accountability** for results. We lead the **Community Organizations Active in Disaster (COAD)**, ensuring a coordinated response to local crises, and operate **211**, a vital helpline that connects individuals to essential resources like housing, food, and crisis support. By leveraging partnerships and resources, we build a stronger, more resilient community that can adapt and thrive in the face of challenges.

ADVOCATE & EDUCATE

We recognize that climate change disproportionately impacts vulnerable populations, threatening housing stability, financial security and overall well-being. A resilient community is one that can adapt, withstand and recover from climate-related challenges while ensuring all individuals have access to essential resources. We advocate for climate-resilient housing, sustainable infrastructure, and neighborhood-based emergency preparedness to protect communities from extreme weather and environmental disruptions.
